

# PARENTS,

DID YOU KNOW ABOUT THESE  
OPTIONS FOR YOUR CHILDREN  
AND THEIR PRIVACY?

FORMS

## VACCINATIONS

If you wish to opt out of any or all, you have the right to file a conscientious exemption & still attend daycare, school, homeschool or college.

SETTINGS

## VACCINE TRACKING

The Department of Health collects the records & allows access to anyone in daycare, school or healthcare fields. Participation in this is optional.

FORM

## KINDERGARTEN SCREENING

Many families prefer to handle any concerns with their own doctor or private specialty clinics. The screening is not required if a statement signed by the child's parent or guardian is submitted.

INFO

## STANDARDIZED TESTING

Many families don't feel these types of tests are accurate representations of skills. Public & private school families CAN opt out. (Homeschool families currently cannot.)

STATUTE

## CURRICULUM OPTIONS

Parents have a right to review and opt in or out of any curriculum for their child.

FORMS

## SCHOOL DIRECTORY

All school aged children are in an information directory. Parents must review and notify their school EVERY YEAR about what information they want to remain private.

INFO

## HOMESCHOOL

All parents have the right to homeschool in Minnesota. If you'd like to learn more or need the appropriate forms, check out local resource, MACHE.
